

MISSION

To influence international discourse and priorities for cities to create better outcomes for communities, migrants and refugees

OBJECTIVE

To empower and enable cities with knowledge, connections, and technical assistance to engage in migration diplomacy and policy-making on a regional and international level.

WHY CITIES? WHY NOW?

1. Cities are experts and implementers in carrying out welcoming and integration
2. Cities are increasingly interested in engaging on these issues internationally
3. The international system has signaled a new openness to cities involvement
